

## I PIANI

Una famiglia di lavabi a incasso, semi-incasso o sottopiano che si caratterizza per la versatilità compositiva. Forme rettangolari o circolari, dagli angoli vivi o dalle curve morbide e dalle profondità variabili sono pensate per ottemperare alle esigenze dimensionali e stilistiche più diverse. Un dialogo concreto e tecnologicamente efficiente sia con l'ampia scelta di sanitari e sistemi d'arredo di Ceramica Globo, sia con le molteplici materie che caratterizzano i bagni contemporanei.

## I PIANI

A family of built-in, semi-built-in or undermount washbasins characterised by its compositional versatility. Rectangular or circular shapes, with sharp corners or soft curves and variable depths, have been designed to meet the most varied dimensional and stylistic requirements. A concrete and technologically efficient dialogue is created both with the wide range of sanitary ceramics and furnishing systems by Ceramica Globo and with the diverse materials that characterise modern bathrooms.
