

STONE

Forme geometriche dagli angoli stondati. Proporzioni rigorose ma ingentilite dalla delicata convergenza delle linee verso il basso. I vasi e i bidet della collezione Stone, sospesi o a terra, nascono dall'integrazione tra design, tecnologie innovative ed esigenze di utilizzo degli spazi contemporanei. Grazie al sistema MULTI, che consente di allacciarsi a scarichi e attacchi idraulici esistenti, i sanitari a terra possono essere installati filo parete. Così, il vaso SENZABRIDA® unisce all'immagine pulita l'ottimale flusso d'acqua per un'igiene sicura. E il coprivaso, sottile e minimale, può essere facilmente rimosso grazie all'efficiente sistema di cerniere a sgancio rapido.

STONE

Geometric shapes with rounded corners. Strict proportions but softened by the delicate convergence of the lines downwards. The Wcs and bidets of the Stone collection, wall-hung or floor-standing, are created by the integration between design, innovative technologies and the needs of using contemporary spaces. Thanks to the MULTI system, which allows connection to existing drains and plumbing connections, the floor-standing sanitary fixtures can be installed back-to-wall. Thus, the Wc No Rim combines a clean image with an optimal water flow for safe hygiene. And the slim and minimal toilet seat can be easily removed thanks to the efficient quick release hinge system.
